EXPERIENCE

Anti-Scam Product Design Intern · GovTech

Jan 2024 - Jul 2024

- Designed existing and new product features using Figma
- Designed a scam reporting form for both mobile and desktop users to ease the reporting of scam incidents
- Developed and contributed to the creation of the design system and Figma components library
- Led user testing sessions to gather user feedback

Product Management Intern · SGInnovate

Jun 2023 - Nov 2023

- Conducted user acceptance testing (UAT), created Product Requirements Documents (PRDs), translating product requirements into technical specifications and user-friendly designs
- Employed UI/UX expertise to create foundational mockups, shaping the direction of the next platform workstream and features
- Conducted market research and led in scoping meetings with clients and the development team to define SGInnovate's platform requirements based on user needs, business goals, and technical feasibility
- Created a comprehensive playbook outlining the platform usage practices, methodologies, and frameworks

Private tuition centre, Social media & Administration

Jan 2021 - Aug 2021

- Arranged lessons and prepared materials to increase overall productivity in the centre
- Acted as the primary mode of communication between students, parents and teachers

Conservation Ambassador · Wildlife Reserves SG

Dec 2017 - Dec 2021

- Engaged park visitors to spread awareness about the conservation of our biodiversity and animal endangerment, and provided visitors with tips on how they can help to reduce it
